RE: **Question & Answer**
Contract ID: DN11698194
County: Henderson
Letting Date: May 9, 2017

A bidder has posed questions regarding this contract. Below you will find both the questions and the NCDOT's corresponding answers:

Questions for the LONG ARM MOWING - PRIMARY WITH ATTENUATOR pay item: The bidder wants to know, "will coning and use of arrow board signs on I 26 in Henderson co dn11698194 be required at all bridges and overpasses and along narrow guardrail sections for this contract"?

Answer: Yes. The contractor will be required to conform to the work zone requirements detailed in Standard Drawing 1101.02 or 1101.04, whichever is relevant to the situation. Payment for traffic control is incidental to the line item Long Arm Mowing – Primary with Attenuator

These revisions do not change bid items or the associated quantities.

Please insert this letter into the addendum section of the proposal and sign the verification. Thank you for your attention to this matter.
